

VSP Eyefinity Guide

1. Add Sequel to EHR:

- Ensure Sequel products are setup within your EHR for both private pay and VSP. Contact your EHR rep for assistance in adding Sequel and the Bill Code ID for VSP work if needed.
- For EHR's with direct link to Eyefinity, contact EHR rep for instructions on how to update product availability after Sequel is added to VSP formulary on October 15, 2025.

2. Add a Sequel enabled Lab in Eyefinity:

- Click on ELAB Tab in Eyefinity
- Click on "add or remove a lab"
- Search for Founders Optical Lab
- Click ADD

3. Order Sequel Designs:

Sequel 0

Vision Type: Single Vision

Lens: Any Digital Single Vision (Lab Choice)

Lab Special Instructions: Other "Sequel 0"

Patient Name | Exam | Lens | Frame | Lab | Contacts | Prescription | Services | Patient | Insured | Facility and Billing | Additional Information | Signatures

Lens

Any Single Vision Digital (Lab Choice) - Blue Filter

Any Single Vision Digital (Lab Choice) - Clear

Any Single Vision Digital (Lab Choice) - Neochromes Brown

Any Single Vision Digital (Lab Choice) - Neochromes Dark Brown

Any Single Vision Digital (Lab Choice) - Neochromes Dark Gray

Any Single Vision Digital (Lab Choice) - Neochromes Gray

Other

One Lens Right Base Curve

Lab Special Instructions

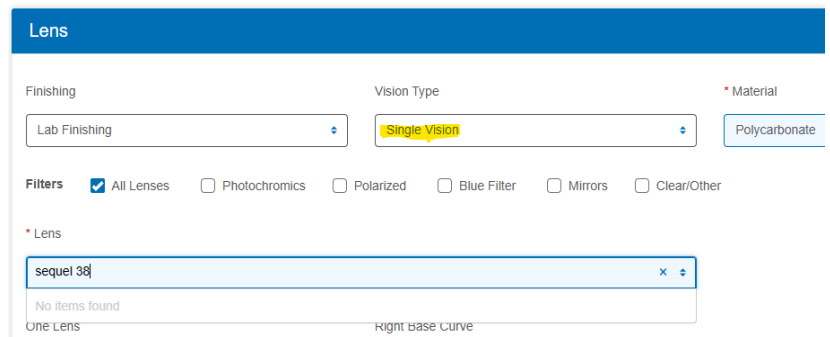

Selecting special instructions may delay your order. Please enter special instructions only intended for the lab in this field regarding this order.

Other Sequel 0

Sequel 38 or 67:

Vision Type: Single Vision

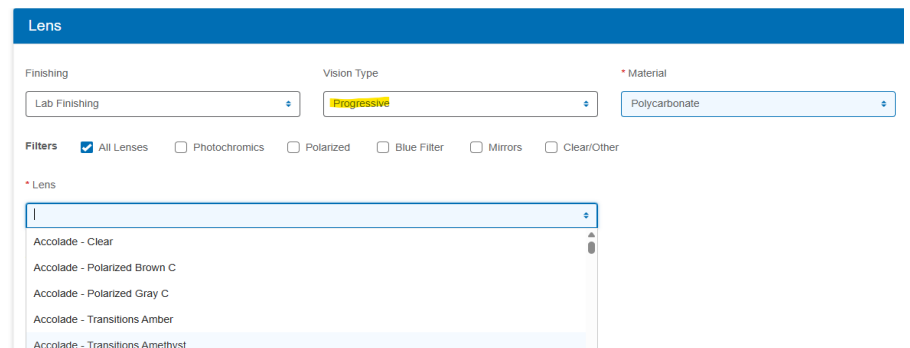

Lens: Sequel 38 or Sequel 67

Sequel Progressive:

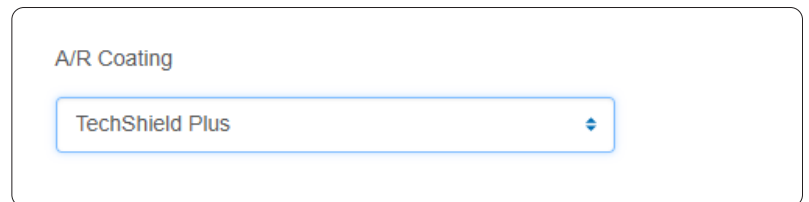

Vision Type: Progressive

Lens: Sequel PAL

Add A/R Coating*

*We recommend combining Sequel with Techshield A/R coating options

4. Add Sequel Enabled Lab*:

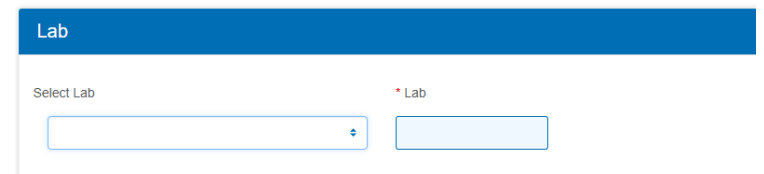

Founders Optical

Simplify

Artisan Labs (Pacific, Peak, & Pike)

RXOTulsa

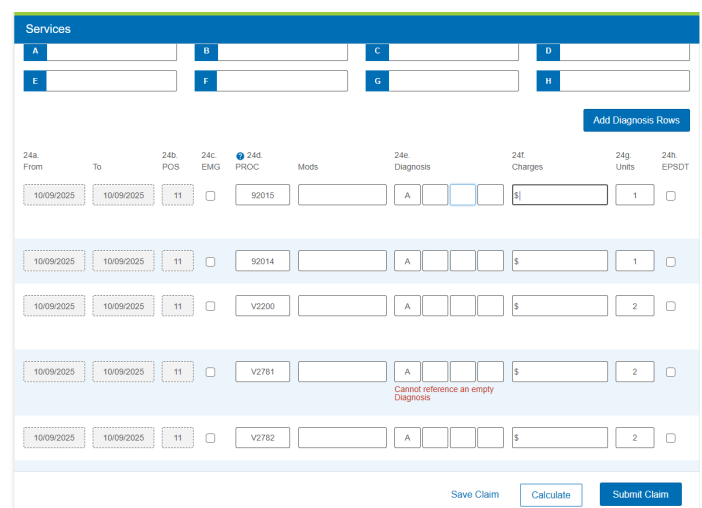

Independent Vision

*If you have not yet added a Sequel enabled lab to Eyefinity, please do so by following Step 2 above.

Calculate & Submit Claim

Once order has been input, click **"Calculate"** at bottom and Eyefinity will automatically populate all of the V Codes. Enter the Patient Copay pricing into the V Code line items:

Sequel VSP FAQs

Q: What are the Sequel VSP lab policies

A: Sequel falls under the General VSP Lab Policies shown below:

Remakes: One doctor Rx redo within 6 months of original date of service*

**The same lab that processed the original order is responsible for remaking qualifying first-time in 6 months doctor redo. Doctor Rx redo does not cover materials lost, broken or damaged by patient. Qualifying redo order cannot have any changes to frame size or style, additions or changes to tint or coatings.*

AR Coating Warranty: VSP does not have a blanket AR coating warranty.
AR warranty depends on the specific coating and patient's VSP Plan.

VSP's Unity TechShield coatings carry a 2 year warranty against scratching, peeling, and crazing under normal use.**

***Lenses that are abused, extremely scratched, chipped, broken or damaged are not covered under this warranty.*

Q: What are the Sequel Private Pay lab policies?

A: Private pay Sequel lab policies will be lab dependent. Reach out to the Sequel enabled lab for specific lab policies

Q: Why is Sequel not showing in VSP Lens Enhancement Chart (shown below)?

Classification: Restricted

A: Sequel was added to the formulary October 2025 and these documents are updated annually. Refer to the Digital VSP Product Index that shows Sequel PAL as a Category N Progressive.

Q: How do I locate the VSP Product Index?

A: VSP Product Index can be located by the following steps:

1. Log in: to www.eyefinity.com.
2. Click on the eInsurance tab.
3. In the gray toolbar below the tabs, click VSP Online.
4. On the left-hand menu, click Manuals.
5. Select VSP to open the VSP Provider Reference Manual.
6. Locate the Product Index in Table of Contents

Note: Digital Product Index is regularly updated to reflect current product listings and formulary changes in a searchable layout (products are listed alphabetically) to find the code, description, and patient copays in one spot.
